# CUSTOMS BROKERAGE & FREIGHT FORWARDING

SEAMLESS BORDERS. SEAMLESS LOGISTICS.

## About Us

For over 27 years, Shamolima has been powering global trade with precision, speed, and compliance. From customs clearance to freight forwarding, we've moved everything from oversized machinery to dangerous goods — trusted by leaders like Chevron, Halliburton, and Parker.

Based in Bangladesh, backed by a worldwide partner network, we deliver smooth, transparent, and reliable logistics tailored to your business.

## Customs Brokerage & Freight Forwarding

- End-to-end handling of all customs paperwork
- Correct HS code classification & duty management
- Import/export licensing for controlled or hazardous goods
- Fast clearance through constant coordination with customs
- Risk management that keeps your cargo compliant & on track

## Comprehensive Customs Brokerage Services

Customized and expert customs brokerage is the foundation of our services:

### Industry Expertise

Serving multiple sectors with specialized knowledge in handling diverse cargo, including large and Dangerous Goods consignments.

### Full Documentation Handling

Preparation and submission of accurate customs declarations, certificates of origin, commercial invoices, and packing lists. We pre-consult with clients on required documents, manage duty/tax payment coordination, and expedite cargo release efficiently.

### Tariff Classification

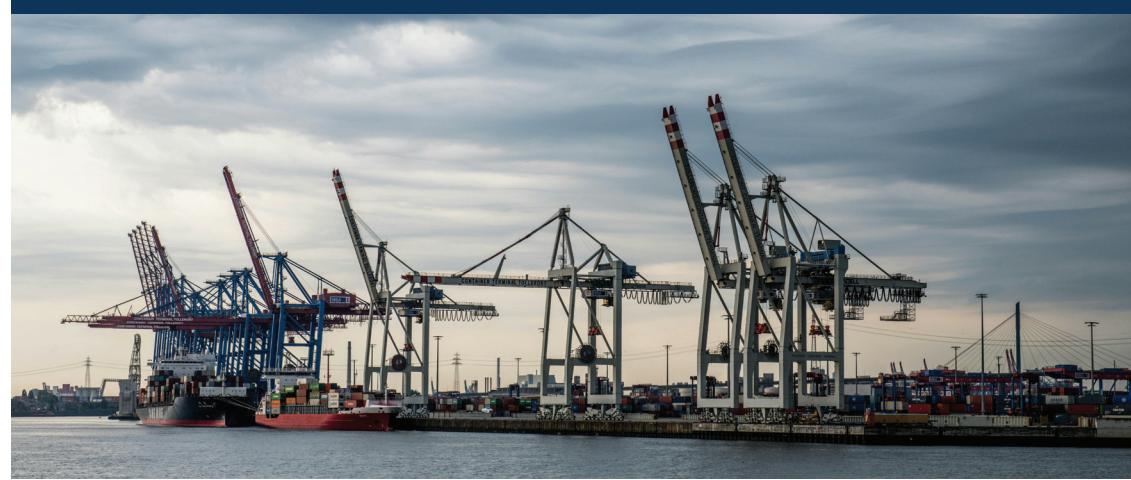

Accurate product classification using the Harmonized System (HS codes) to ensure correct duty and tax assessments.

### Regulatory Compliance & Risk Management

Our teams stay current with evolving rules by ongoing communication with customs officials, minimizing audit risks. Ensuring adherence to customs laws, inspections, and government agency mandates to avoid fines or shipment seizures.

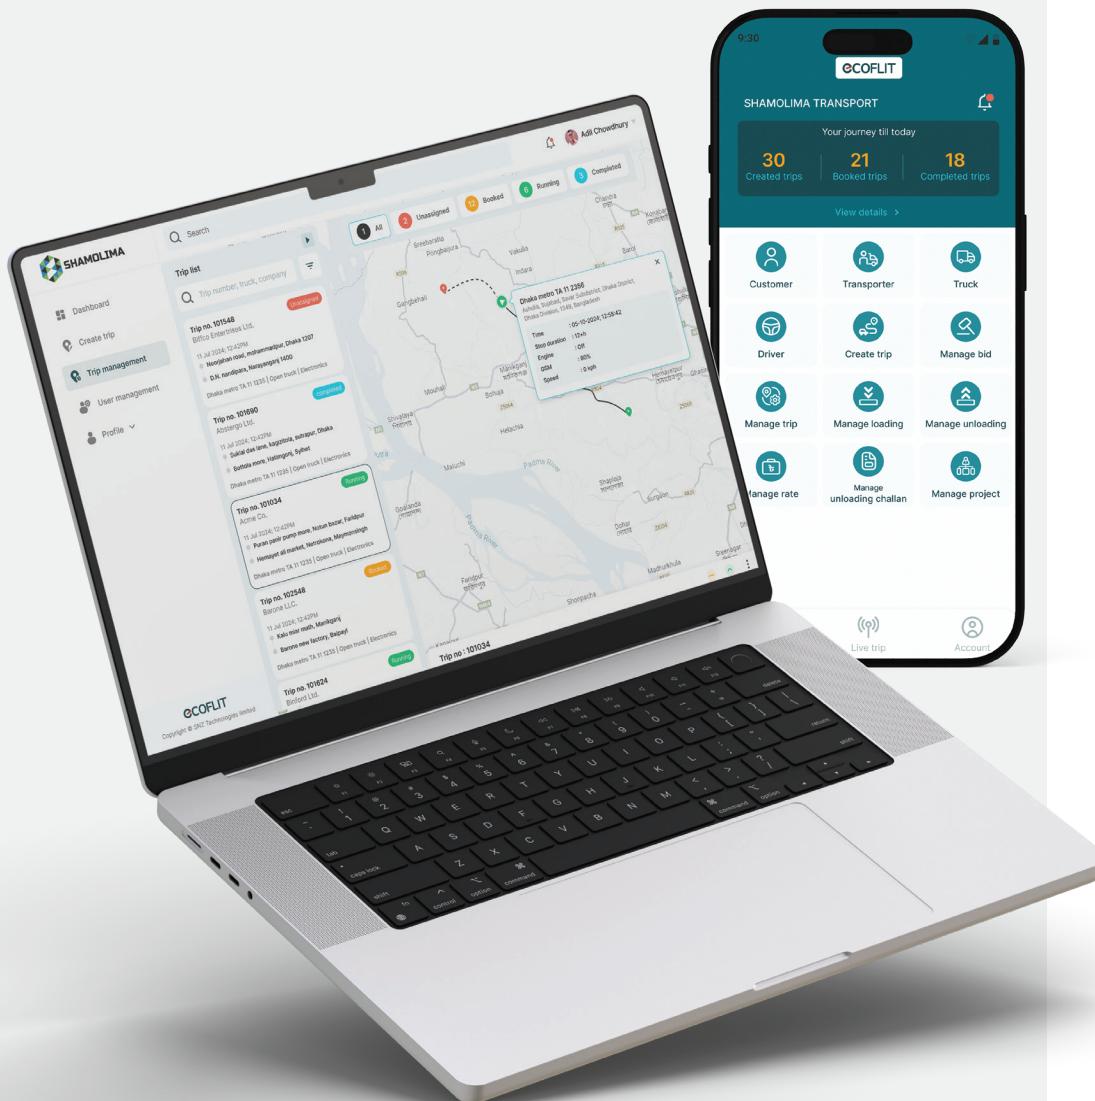

### Import/Export License Management

Handling permits and regulatory approvals smoothly, avoiding delays. Handling licensing requirements for controlled goods, hazardous materials, and restricted items.

Comprehensive Transportation & Logistics  
Management Solution

# Expert Freight Forwarding Services

We offer logistics solutions tailored for efficiency and reliability:

## Multimodal Freight Management

Air, sea, road, and rail shipping coordination backed by our global logistics partners.

## Cargo Handling Expertise:

Safe management of oversized and fragile products, including dismantling advice for oversized shipments to facilitate inland transport. Professional warehousing, cargo inspection, and packaging to preserve product integrity through transit.

## Carrier Selection & Negotiation:

Leveraging our volume and large network to secure competitive freight rates and capacity.

## Shipment Tracking & Communication:

Access to our client portal "Ecoflit" providing real-time vehicle and shipment tracking, event-based alerts via mobile and web apps, with proactive project manager updates.

## Fleet & Transportation:

We operate a fleet with GPS tracking and live monitoring for inland cargo transport, ensuring security and live visibility.

In our application we also track important milestones of CNF activities/documents like:

- Bill of Lading / AWS
- Commercial Invoice
- Packing List
- Import Permit
- Customs Clearance etc.

# Our Commitment & Advantages

We combine technology, professionalism and client focus to deliver outstanding service:

## Licensed Professionals

Experienced customs brokers and logistics experts committed to ongoing training and compliance knowledge.

## Resolve Issues

Rapid identification and resolution of potential delays, regulatory disputes, or extra costs in close cooperation with clients and customs authorities.

## Global Network, Local Presence

Strategic partnerships with global freight forwarders and local presence at major ports and airports in Bangladesh for seamless service.

## Value-Added Services

Beyond customs and freight, we provide in-country cargo transportation, organizing insurance, packaging, and consolidation based on client needs.

## Cutting-Edge Technology

Proprietary transport app with live vehicle trackers and a client management platform offering transparency and control.

## Competitive & Transparent Pricing

Detailed fee breakdowns pre-shipment and clear invoicing post-delivery, with government levies transparently managed.

## Personalized Client Service

Single point of contact for each project ensures seamless communication, with response times within 24 hours.

## Sustainable Practices

Commitment to eco-friendly logistics solutions including route optimization and green shipping options.
